

Production Operator (m/w/d)

Location: Jena

Work model: Full time (40 hours/week)

About the Position:

We are looking for a full-time Production Operator to join our team in Jena at the earliest opportunity. The position involves working in a 2-shift rotation and is offered on a temporary basis until September 2027.

Your work will focus on

- Operating various production stations: braiding machines, manual welding tools, and heating ovens
- Machine setup and post-production maintenance
- Independent work based on work instructions
- Adherence to and implementation of quality targets
- 2-shift work schedule
- Cleanroom environment operations

We are looking for a candidate, who

- Has completed vocational training (preferably in metalworking) or possesses equivalent work experience.
- Has good fine motor skills and good eyesight.
- Demonstrates high manual dexterity when handling small components.
- Ideally has prior experience in operating machinery.
- Enjoys working in a team.

Our benefits

- A secure job in the medical device industry in a family-friendly working environment
- An interesting work scope in a growing international company
- Comprehensive onboarding and training plan in the first 6 months
- Good work-life balance through 30 days of vacation
- Employer-financed retirement and health insurance
- Healthy work culture and regular team sporting events

Ready to apply?

We look forward to receiving your application (cover letter and CV to hr@occlutech.com).

Only applications in English will be evaluated.

- Thinks and acts with a strong quality-oriented mindset.
- Has a good command of the German language.
- Is looking for a career change (career changers are welcome!).

About Occlutech

Occlutech is a leading specialist provider of minimally invasive cardiac devices, with a mission to improve the quality of life for people with heart conditions. The vision is to become a global leading specialist provider in cardiac devices, addressing congenital heart defects, stroke prevention, and heart failure. Occlutech has a broad and proven portfolio, based on proprietary technology, and over 200 patents with more than 220,000 products sold. The company markets and sells its products in over 70 countries and has around 275 employees.
